The Georgia Historical Society, Savannah, Ga., has given our Society a copy of the Cartersville City Directory of 1959. Perhaps some of our members have early city directories or phone books they would like to donate to our library. We would also like to obtain old school annuals of Cartersville, Stilesboro, Euharlee Adairsville; any annuals over 50 years old.

The Society is deeply indebted to Stan Taff and Kathryn Brock for two outstanding collections of Indian relics. President Bob White has mounted these collections on suitable boards and they will be exhibited at the Civic Center at the annual meeting, after which they will be permanently displayed in the museum at Wofford-Hall-White House.

Congratulations to our fine treasurer, Dr. Warren Akin, IV, when has been recently named special assistant to Governor Joe Frank Harris with special emphasis on liaison between the Governor and his appointed committee that will define educational goals. Warren, who is on leave from his post as assistant professor of English at Floyd Junier College, spent two months during the past summer attending a seminar on Southern Literature at the University of North Carolina at Chapel Hill. The seminar, spensored by the National Endowment for the Humanities, was conducted by by Dr. Louis Rubin, an outstanding authority of Southern literature.

The eld red brick building on Cherokee avenue that served in its time successively as Cartersville West Side School, Cartersville High School and Cartersville Junier High School, is no more. Built in 1887 to be Sam Jones Female College, it never fulfilled its original mission. But for three quarters of a century most of Cartersville's students trooped through its halls on their way to getting an education, and it would be safe to say that they retain fond memories of the hulking old building.

Thanks to Mayor John Dent, our society has possession of the corner stone from "Sam Jones Female College". It is presently at Childs Marble Company yard on Tennessee rodd for a cleansing process.

Inside the cornerstone wrapped in eilcleth were newspapers, letters, the address of Major Charles H. Smith, a Sam Jones Song Book, bills from the contractors of the building, and one small clay marble.

The museum committee tried valiantly to save all the items in the time capsule, but the only salvable items were the newspapers, thetwo letters and the marble, which is in great shape : These items save d are now on display in the museum.
